COURSES

The description of all our current courses can be found at the following link: https://app.strasbourg.archi.fr/generation_pg_peda/. Please find enclosed the mail our list of courses (**grilles pédagogiques**)

But please note that there may be some changes to the program for the next academic year, more information during the Welcome Days !

Courses in the architecture field are **mainly taught in French**. We request, if it's possible, a French **language certificate of B1** to follow classes and to pass exams. We encourage exchange students to follow the free french intensive course at the beginning of September, after the mandatory "Welcome Days". We offer a limited number of courses in English in the Master program.

Please note that the course "Mémoire" in the Master program 1 is not recommended for exchange students and courses at Master 2 level are not available.

PLANNING

September 3 and 4 : Welcome Days :your **participation is required** because we will provide you with all necessary information about our school, your studies, Courses choice and registration...

September 5 to 13 : French intensive course (free for you)

September 16-20 : Integration week with guided tours in Strasbourg and in Alsace

September 23 : official beginning of the courses Bachelor and Master

CURRENT STUDENT CONTACTS

Please find enclosed a listing of contact information for students currently on mobility at ENSAS : they could help you with informal advice, for example for housing or course choice.
