CONTACT PERSON: Arturo Buenaventura Pouyfaucón		
TELEPHONE NUMBER: +34 954937111	E-MAIL: abuenaventura@befesa.abengoa.com	FAX NUMBER: +34 954937021
ORGANISATION NAME: Befesa Agua, S.A.U.		
ADDRESS: Avda de Buhaira nº2		
POSTAL CODE: 41018	CITY: Seville	COUNTRY: Spain
TYPE OF ORGANISATION: <input type="checkbox"/> SME <input type="checkbox"/> RESEARCH CENTRE <input type="checkbox"/> UNIVERSITY <input type="checkbox"/> INDUSTRIAL ASSOCIATION <input checked="" type="checkbox"/> OTHER: Huge Company		
EXPERTISE OF THE ORGANISATION: Befesa Agua is an international technological company, specialized in water generation and management, which constructs and operates infrastructures for the integral water cycle. Befesa is setting up in Spain, Mexico, Nicaragua, Ecuador, China, India, Algeria y Marrocco; it has more than 500 employee and 60 year of experience. The files of competence are: desalination, water treatment, industrial water, hydraulic works, and hydrological and hydraulic infrastructure management.		
DESCRIBE YOUR INTEREST IN THE PROJECT: We are interested in participating in the project "Nanotechnology applied to water desalination". We design, construct and operate desalination plants word wide. Therefore, we see our participation in the project contributing to it with our view of large scale desalination plants, both from the design and the operation and maintenance point of view. On top of that, our know-how in engineering and control may also help in the case is necessary to design a testing facility for the developed membranes. We can also contribute in carrying out those tests if needed.
