

Il Federico II Napoli Data Hub (FiiND Hub) è uno spazio del Dipartimento di Scienze Economiche e Statistiche dell'Università Federico II di Napoli dedicato alla ricerca, pensato per supportare studenti, dottorandi e docenti nell'acquisizione e nell'analisi dei dati.

Il centro è locato presso la sede di Monte Sant'Angelo nell'edificio 3, piano 2, aula C18. Gli orari di apertura e chiusura del FiiND seguono quelli del Dipartimento.

Il centro dispone di otto postazioni PC, utili per l'accesso alle banche dati e per lo sviluppo di progetti di ricerca o tesi di laurea e dottorato. I PC del centro dispongono di software e potenza di calcolo utili all'elaborazione di dati, stime econometriche e simulazioni di modelli.

Dal centro è possibile accedere a numerosi dataset economici e finanziari attraverso diverse piattaforme di consultazione. L'accesso ai dataset avviene secondo modalità specifiche a seconda della fonte richiesta.

Dal FiiND è possibile accedere alle seguenti piattaforme:

- **FactSet**: dati su performance aziendali, prezzi azionari, indicatori macroeconomici, e news finanziarie.
- **ORBIS/AIDA***: indicatori di bilancio delle aziende statunitensi ed europee.
- **S&P Compustat****: dati finanziari ed economici sulle market cap companies e sugli indici borsistici globali e statunitensi.
- Altri dataset consultabili da **WRDS**** (pagine successive)

L'accesso alle banche dati per gli studenti è consentito previa autorizzazione, ovvero inviando una mail a francescosimone.lucidi@unina.it con le seguenti info: *nome, cognome, matricola, referente (relatore), banca dati richiesta, data e ora presunta di utilizzo*. Scrivere nell'oggetto "FiiND accesso dati".

*La *faculty* e i dottorandi del Dipartimento possono accedere anche da server interno (per info mailto: massimo.aria@unina.it).

**La *faculty* e i dottorandi del Dipartimento possono accedere liberamente da WRDS previa [registrazione](#) (solo con *e-mail @unina*).
